

Re: proceeding 02-278. As a private citizen, I do NOT want my home telephone littered with constant sales calls. I am COMPLETELY AGAINST the Consumer Banking Associations proposal for virtually unlimited access just because I am a customer. I have been on both the Indiana and National "Do not call" list since it's inception and have enjoyed the peacefulness it ensures. Please do not weaken these laws, for all of our benefit. Thank you.

Sincerely,
